

TRANSFORM THE MAN = TRANSFORM THE FAMILY

## WARRIOR COURSE FAQ'S

### 1. What is the central objective of Core 300?

We hunt for the *300 kind of man*, who is trained to catalyze the awakening and development of Kingdom leaders. The high call of a man is to be weaponized for good—and to invade the Kingdom of Darkness with the Kingdom of God's justice, peace, and joy.

### About how many men have completed the Core 300 Warrior Course internationally?

About 50,000 men have completed the Warrior course with some amazing results. One Survey of Kenyan wives of pastors who finished the course indicated a 97% "much improved" or "very much improved" ratings on their husband's performance as a husband, father, and income producer at 97%.

### 2. Can we use the book "Awakening the Warrior" for a men's Bible Study without a Warrior workbook?

Absolutely! It was designed for personal transformation, 1-1 mentoring, and small group use. It is best used, however as the Warrior Course textbook--complementing the **Warrior Field Manual** workbook, with the leader teaching from their Warrior Master Trainer Manual.

### 3. Is this course a "come and go" or open format, or is it designed to be Session-sequence dependant?

Just like a military *Boot Camp*, each week builds sequentially on the one before it. **We are training men on life or death issues here.** Also, trust is building up within each of the Troika (3 men) breakout groups. Because men have already begun to drop their defenses in the Troika, it is highly recommended that the class closes after the second session, and then, *ONLY* if the newcomers are willing to review the previous ZOOM sessions on the web. Besides, any missed classes need to be caught up by the Warrior to graduate Boot Camp and receive their Core 300 Medallion. Most churches or men's groups continue to cycle through with the Warrior, so keep a list of new candidates and encourage them to wait until the next course begins.

### 4. What are the age limits to attend the class?

# CORE 300®

TRANSFORM THE MAN = TRANSFORM THE FAMILY

This may vary a bit by the organization, but generally, men 15 and over are ready for this course. The [Warrior-Priest-King](#) series is a power-packed trilogy for High School teens or collegiate small groups to take to prepare them for life. There is no upper-end age limit!

## 5. Can I buy the coin for myself, or as a gift to someone?

*If you lose any of your conveyed medallions, you can order a replacement.* However, our customized Core 300 Armor of God medallion is only awarded to a man who has completed the course or read the entire book (if not registered in a class). It is a unique talisman of freedom, community, and battle readiness for the man who carries it in his pocket each day.

Other vendors sell a similar non-Core 300 version online for other purposes.

## 6. How long is the Warrior Course?

Originally an 18-week course, It has been redesigned to be twelve 90-minute sessions—though it may go a little longer depending upon the level of class and Troika discussions. It is up to the course leader and with cohort consensus, to set the pace. We try to keep the live, online ZOOM course to finish in 12 weeks.

## 7. What does it cost?

Tuition is at no cost to the student at this time. Each enlisted man is required to invest \$39.99 to complete the Live onsite, Zoom Pre-Recorded, or Zoom Live course. The Warrior Kit includes :

- Either the “**Called to War**” or the “**Awakening the Warrior**” book as Textbook
- The **Warrior Field Manual**
- **Core 300 Warrior Armor of God Medallion**

The Warrior course features twelve 90-minute interactive multimedia Sessions with a Cohort of other Warrior-Brothers who will engage the lectures, media, and the participative breakouts in Troika groups

## 8. Is there anything after the Warrior Course?

Yes! Core 300 is designed with **3 consecutive and sequential modules**, all of which are 12 weeks in length. The second year, called **The Priest**, launches this transformed man to live out his new life. The Course trains the man as a servant leader to his wife, his children, and at work. **The third year** focuses on *deploying* the Warrior-Priest- graduate into becoming a leader of leaders and connects him to
